Clinical Pharmacokinetics: The MCQ Approach (Telford Press)

Synopsis

Clinical Pharmacokinetics: The MCQ Approach is a self-teaching guide to the subject. The reader is guided through the principles of the subject as they are applied to increasingly complex situations. The volume contains a number of single and multiple-choice questions, many requiring graphing and calculation techniques and is intended as an instructional tool both for the student and practicing professional. The volume aims to test to reader's analytical skills when presented with experimental data. It will be of interest to students of pharmacy, clinical pharmacology and biopharmaceutics as well as to instructors in those subjects, both in the teaching of the subject and in the design of examination material.

Book Information

Series: Telford Press

Paperback: 184 pages

Publisher: CRC Press (December 15, 1988)

Language: English

ISBN-10: 0936923024

ISBN-13: 978-0936923024

Product Dimensions: 0.2 x 5.8 x 8.8 inches

Shipping Weight: 15.5 ounces (View shipping rates and policies)
