Vedic Symbolism is an important compendium of the main terms and primary ideas behind the Rig Veda, India's oldest teaching and the source book for all Vedic and Vedantic knowledge. The book contains translations from several important Vedic hymns as well. Vedic Symbolism is especially valuable for those seeking to explore the older Vedic Yoga and its understanding of the powers of the cosmic mind. As a Vedic scholar of many years myself, I find it to be a good reference work to keep close at hand. The book is based upon the work of Sri Aurobindo, one of modern India's greatest Yogis, who examined the Vedas in great detail in his many published writings. M.P. Pandit, one of his chief disciples, has compiled key information from Aurobindo's approach, presenting the essence of Sri Aurobindo's Vedic views in this particular work. Will definitely provide you a deeper vision of the Vedas.
