Customer Reviews

I’m a big Patterson fan but these Bookshots "novels" are disappointing. I find these to simply be incomplete novels. Finish the damn novel and I’ll buy it. I’ll never buy one of these Bookshots again.

This is a great book there are three bookshops in this book.

Would not recommend the book, it was a continuation of 3 previous books that I read and if you

didn’t read the beginning you are lost.

Patterson’s wrote three short stories, but only the Pretender was really worth reading. The phony Sonji and Zoo were not his best work and I have read just about all of his books

I find it very frustrating to really get into a great book only to have it stop with no end!! When will we see the rest of this book!?
