I Love You: The Activity Book Meant To Be Shared: Volume 2

Synopsis

Grab a pen, your partner, and get ready for some fun! Another edition of games, puzzles, quizzes and more. This time we've added twice the entertainment, with new content and reboots to some of the favorites from volume one! Some of the games will ask you to work together for a sense of accomplishment through bonding. Others will allow you to get to know your sweetheart a little better through questions and quizzes, and yet others will ask you to challenge each other to win rewards. Best of all, this neat, handy-dandy block of paper and ink will cause you and your partner to get closer together through fun and laughter. Go ahead, give it a shot! We know you'll enjoy it!

Customer Reviews

This is an ok book. I bought it for my husband as a birthday gift. It has activities to work with your partner to learn more about them or just break up the monotony of just asking how their day was but they are rather airy and light, probably more for the younger generation. That said, this is not worth \$14. It's a small/flimsy book with less than 100 pages that's maybe 1/4" thick. I would have paid no more than \$5 had I seen it in person. This is definitely a product I would consider solely manufactured to target a niche market but has no actual worth and would not be worthwhile to purchase future volumes. Sorry but this one's a flop. :(

There was a huge variety of fun activities to do with my wife. We would do a few a night and always had a great time and good laugh. There was also some nostalgic value with great twists on some

games we played as a children. I would recommend it for any relationship that is looking to spend some quality time with one another.

This book is stupid. Don't waste your money. Printing free worksheets offline with a little research would be a smarter idea.

This item would be fun for fairly new couples or really young couples. Kinda boring and childish.
