Customer Reviews

Super easy to navigate. Awesome read. Glad my teacher chose this book for my class. Although the some topics seem more opinionated, and stereotypical to help back the facts. It seemed very one sided, and I didn't care for a few of the examples. But overall I enjoyed the read

It was an interesting textbook and I learned a lot of information. It was clear and after I read each chapter I could reflect and remember everything I had just read, it stuck very well in my head and many books do not.

I read this book for a class that I took. It is a very enlightening book to learn about the juvenile delinquency and the system that they are involved in. It provides case studies with each chapter and how they are related to each chapter. If I wasn't a criminal justice major I would not have read this but I'm glad that I did. I think that people who have kids would find the information in

this book to be very helpful. It provides lots of examples and different types of programs that have been used in the United States in the Juvenile Justice System. It's clearly an eye opener for everyone who reads it.

I liked the book for this class because it gave case stories along with teaching the particular subject also websites to view. The important information that is described in the book about the laws were very interesting. The book lets the audience know how there are ways to help the youth and what kinds of problems we are dealing with among the youth. The book gives programs and ideas on how to deter them from trouble or where they could end up.

I assume that all is good because she needed for college. Teacher recommended this book. I like the fact that you can resell the books back when finished.

It is very lengthy and includes many sentences that could be deleted. Not many pictures. Other than that, it was a pretty understandable book.

THIS BOOK HAD A LOT OF CASES THAT ARE HAPPENING TODAY THIS KEPT MY INTEREST UP. THE INFORMATION WAS EASY TO FIND IN THE BACK OF THE BOOK

this book was in bad shape, the front cover was torn off when I received it and I had to tape it on. I will order new from now on.
