Synopsis

Work in the 21st Century, 5th Edition by Frank J. Landy and Jeffrey M. Conte, ties together themes such as diversity, mental and physical ability, personality, interpersonal skills, emotional intelligence, and evidence-based I-O psychology in a way that explores the rich and intriguing nature of the modern workplace. The 5th edition places an emphasis on the technological and multicultural dynamics of today's workplace. This edition retains the 14-chapter format and the 4-color design, which brings I-O psychology to life, especially with the use of newsworthy color photographs.

I don't like the way this book is written. I have a hard time following and comprehending the concepts. I received the item earlier than quoted date, which is great.

No issues here. Good book, good service.
