From Mecca To Calvary: Leaving Islam To Become A Christian

Synopsis

Each year, millions of individuals leave the religion of Islam to become Christians. Why? These individuals are often threatened with violence - or even death - for being apostates of Islam. Why would they take this kind of risk? These people are frequently shunned by Muslim friends and disowned by their families. In Muslim societies and communities, they lose all honor and respect. Why would these individuals sacrifice so much to become Christians? What would compel them to seek a relationship with Jesus Christ? This book, *From Mecca to Calvary*, will answer these questions. Both Christians and Muslims believe that God has spoken to mankind. Christians hold that the Bible is the message from God, while Muslims believe that God's messages are in the Quran. Islamic scholars claim the Bible was corrupted in centuries past and so it is no longer a reliable source of spiritual truth. *From Mecca to Calvary* reveals the blatant dishonesty of this claim. The preservation and integrity of the Bible is thoroughly documented. Moreover, we will examine Bible prophecy, miraculous events, and other elements that demonstrate the spiritual truth of the Biblical messages. *From Mecca to Calvary* also examines the death, burial, and resurrection of Jesus Christ. The Quran and hadith deny that Jesus was crucified, while the Bible declares that Jesus was crucified. Which is correct? This book presents multiple lines of evidence for the historical reality of the death, burial, and resurrection of Jesus Christ. The book will also explore the spiritual significance of the crucifixion and resurrection of Jesus Christ.

Customer Reviews

This is an outstanding book summarizing the evidence for the Christian faith. It is comparable to the fine book, "Seeking Allah and Finding Jesus," by Nabeel Qureshi and "Evidence that Demands a Verdict" by Josh McDowell (I have read both books). This book describes the journey out of Islam and into a living relationship with the Savior Jesus Christ. It provides a pretty comprehensive survey of evidence for the truth of the Bible. For example, the author details several lines of evidence for the perfect preservation of the Old and New Testaments of the Bible. Then, he examines the prophecies contained in the Bible - where ancient Jewish prophets accurately predicted future events, such as the death, burial, and resurrection of Jesus, the future of nations, and the remarkable history of the Jews. It's an easy read and highly recommended, especially for the price. It is suitable for a Muslim interested in knowing more about the Christian faith, or the Christian who needs a good reference book and insight into the Muslim faith.
