Customer Reviews

Bookshots are way too short and one-dimensional. I was really looking forward to a good read, but instead main characters kept turning up at the right places at the right time with only a few words to explain an important development in the storyline, all it seems to keep the story very short.

Bookshots are not for me.

A great read. Patterson continues to find different plots and uses well defined characters to form an enthralling action packed read - well recommended. Great to pack into your holiday pack!

I've read most of the action-oriented Bookshots and this was by far my favorite. The characters are tightly written, the plot is fast moving and believable and the action was well paced.

I have read all of the James Patterson Bookshots and this is by far my favorite. The characters were

developed. The pace was quick and unlike many other Patterson books it didn't have an unbelievable way the main character "found" some key evidence that everyone else seemed to miss. I immediately had to buy another book written by Rees Jones.

really good quick read. if you don't like spending hours and hours upon reading to finish a book than these are the way to go. the story is nice and short, can read in a day. these books allow the imagination to take a hold for you to see things the way you imagine them, as in the writer gives you enough details for you to paint the picture as they are telling their story.

Scrappy thin plot, written as a quick money maker! Don't bother with another. ,!!

Not a big fan of these books. I bought several & gave them to our library where I live. Definitely won't buy again!

Very disappointing ...too short! When will you publish a full-length version of this book?
