The Attack on Endor Scenario Pack includes one huge and three regular size figures with stats cards: 1 AT-ST, 1 Scout Trooper, 1 Stormtrooper, and 1 Stormtrooper Officer. On the plus side, this set comes with two great new double-sided maps (FOUR MAPS TOTAL!). Here's a list of the maps:Map 1: Rancor Pit -- A very good to great map that is legal for 100, 150, and 200 point tournament play. This map is also huge/rigid friendly.Map 2: Jedi Temple, Yavin -- A pretty good map that is legal for 100 and 150 point tournament play.Map 3: Ravaged Base -- A very good to great map that is legal for 100 and 150 point tournament play. This map is particularly good for melee characters.Map 4: Endor's Moon -- Not the best map, and not legal for tournament play, but it may come in handy for scenarios.This set also includes a short scenario booklet (similar to those presented in the Ultimate Missions books, but these new scenarios that have not been published before). On the minus side, though this AT-ST is sculpted a bit differently than the one from the Universe minis set, it is basically the same figure (i.e., it looks different, but the stats are all the same). Further, the three other figures are reissues of figures from the Rebel Storm set. But, the AT-ST from the universe set is a rare figure, and therefore fairly difficult to get. When you buy this set, you are guaranteed to get one.In sum, this is a fairly inexpensive way to get an AT-ST for your Star Wars minis collection. But perhaps the best part of this scenario pack is the new maps; they look great and will surely add a number of great new possibilities to your Star Wars minis games (and if you play in official tournaments, these maps are a must).
