Third Eye: Third Eye Activation Secrets (Third Eye Awakening, Pineal Gland, Third Eye Chakra, Open Third Eye)

Synopsis

What if you want to see beyond these limitations? What if you want to know what is the real purpose of coming in this world? What if you want to enjoy complete harmony with the universe? What if you want to enlighten your body and mind with pure thoughts? What if you want to see the unseen? Well, for this you may have to dig deep inside your soul and try to activate what is known as the "Third Eye". Once activated, you will be able to see a totally new world that you have never witnessed before!

Customer Reviews

I have been hearing about this third eye during my teenage years. I never really understand what it was until I had this ebook. Thomas Allen did an excellent job in writing this book. It's the most comprehensive book about activating and deactivating your third eye. Everything you need to know about the "third eye" is in this book. What I like about this book is that every detail is briefly explained and it's very easy to understand. I would highly recommend this book because it's interesting to read and a great source of information.

This is my first time to read a book with this kind of subject and I must admit that it stirred my curiosity and after reading the book, my interest was actually heightened. The information was fascinating and all of the helpful information where much appreciated. This is a really well written, valuable guide to opening the third eye. A solid read about a very interesting topic.

This book is an edifying revelation especially for people who have been struggling to get in touch with their Third Eye and donâ™t have the right knowledge and understanding on how to handle its abilities. Apparently, I think that this information can also come in handy for any ordinary person who wants to achieve sound mind, body and soul as well gain focus in the different aspects of life. To be honest, this book doesnâ™t merely seem as predictable as I thought it would be, thinking it would be purely just about discovering how to see spirits with some extra supernatural eye but then youâ™ll eventually begin to discover that thereâ™s so much more to it than just that. Itâ™s more about activating your better inner spirit so that you get to experience the spiritual voice and realm that exists in the universe. More so, how the book incorporated some of the worldâ™s religions and their respective views about the third eye is exceptionally even-handed, I could say.

Although my beliefs are quite different, the author has good detailed information and interesting concepts about becoming a seer. As a seer, I teach a different concept based on receiving this gift only from the Holy Spirit according to the Bible. Since each individual has a right to his or her own beliefs, the differences do not negate from the author's good writing & teaching skills for people who are interested in trying it. The clarity itself was very good, which made it interesting.
