## Customer Reviews

When The Green Witch Tarot by Ann Moura arrived at my home, the moment I took the kit out of the box I could feel there was something really special waiting inside. That feeling only grew as I opened the box, the kit, and saw the guidebook and pack of cards themselves. It actually exceeded my expectations, and I will get into details: First I must say that these cards have a warm, homey energy that is similar to the Wildwood Tarot but instead, green witchery is the focus, and you are never lost, you are never far from home. That is the feeling that I received in each of the cards: I look into the card, and suddenly I am there in a forest or magical scene: But always waiting, right nearby is a warm, welcoming hearth. Aomiel has truly outdone herself in the way she has presented the "Fool's Journey" and every single one of the Minors: It all flows together perfectly, and the artwork is breathtaking. The cards themselves are a good size: large enough to see the details, yet not too large to shuffle. They are just slightly glossy, a little thin (I will need a second set of these in about 6 months) and they can fit into most tarot bags. They are borderless, which is an added blessing. The cards contain no nudity at all: So if you are wondering if this set would be appropriate

for your young witch at home, it is!The Major Arcana are beautifully and go as follows:0 - The Green Man (for spring and new beginnings, I thought this was a great concept)1 - The Witch2 - High Priestess3 - The Earth Mother (Here, the 'empress' is pregnant but standing tall and strong, upon a staff in a field, it's an inspiring image).
