Customer Reviews

The information in this book is invaluable to anyone who is experiencing dreams, moments, meditations, or startling (even profoundly difficult) events in their lives - that they can't explain, or find meaning for elsewhere. Are you wondering - 'why do such things only happen to me and not other members of my family or friends?' When, or if, you tell them they most likely don't believe you anyway.STOP WORRYING YOU ARE NOT GOING CRAZY.Take heart - you are closely watched, helped, and TAUGHT by those of Higher realms and evolution than on this Earth plane, who only have your well-being, and advancement, in mind. If you don't know this already.This is a Classic written in the 1920's - BUT this doesn't make any difference. It refers to its day - BUT mostly into the future WHICH IS NOW.Although I am not impressed with the material quality of this edition itself - AND whoever was responsible for the consistency of layout etc is a bit less than meticulous - THE

WORK REMAINS WONDERFUL. CONTAINING TRUTHS THAT HELP ONE SEE THAT ALL IS HAPPENING AS IT IS MEANT TO BE. A treasure for any Seeker on The Path. For someone who is not religious (or well may be) but essentially Spiritually genuine in trying to move closer to Higher ideals and energies, this book will explain what is happening to you. Also who may be the 'Personalities' who are directing you - their history, roles, and purpose. I will probably purchase another copy in Alice Baily's more common royal blue book format. However, this is a good price and all the Teachings are still there to enjoy and learn from. I was a bit disappointed because it was good to see her work looking more MODERN - but really this should have been put together more carefully.
