Customer Reviews

J. H. Hertz's edition of THE PENTATEUCH (The Torah) and HAFTORAHS is a solid work of scholarship that demonstrates considerable work and shows clarity. This book is obviously useful for devout Jewish people, but Christians (Catholic and Protestant) plus those who have no religious affiliation but have an interest in biblical history and literature will enjoy this book. A knowledge of Hebrew is useful, but the book is so well done that it is not absolutely necessary. Rabbi Hertz, the editor of this book, did not accept the Documentary Hypothesis interpretation of the Torah and Hebrew Bible or what is known as the TANAKH. For devout Christians, this is also known as the Old Testament. As this reviewer stated elsewhere, he does accept the Documentary Hypothesis or at least some form of it. In spite of these differences, this reviewer still considers Rabbi Hertz's book as scholarly, detailed and exceptionally well written regardless of differences of opinion. Most Torah commentaries are written in Hebrew with English translations for those who may not have a

command of the Hebrew language. Rabbi Hertz has the English translation in a parallel column which makes reading and cross reference easier which is a convenient aid. Rabbi Hertz has excellent notes at the bottom of the pages to provide explanations of the text which is of considerable help in interpreting the Hebrew text and English translations. Rabbi Hertz was honest in that if he were not exactly sure of the original Hebrew, he admitted this and provided alternative explanations. The Torah sections of this commentary have the Haftorah sections interspersed with the books of the Torah (Genesis, Exodus, Leviticus, Numbers, and Deuteronomy).
