I found this on [...] To me, it is unbelievable! Ali's supplications to Allah, his language, his heart-felt praise for Allah's Glory, Might, and Greatness, the explanation that Allah is more than any ultimate quality that the human mind can think of, is hair-raising!In Shia Islam the two books that are extremely important are the Quran (this among Sunnis, too) and Zainul Abedin's Sahifat Sajjaiyya. I humbly offer that The Alawite Book has a position in between these two.Aamir Raza

This book is amazing. I feel like I'm learning how to pray to Allah from the Prince himself (peace be upon him). I shared it with friends, it really opened my eyes on how and what to say when talking to Allah. Trully amazing!!

This book came on time, it's well bound, good font size, I read it every day the wise words of Imam Ali can never be underestimated
