The Secret Order Of Assassins: The Struggle Of The Early Nizari Isma'ilis Against The Islamic World

Synopsis

The sect known as "the Assassins," a corruption of an Arabic word that means hashish smoker, is familiar to the West as a mystical cult of killers led by the "Man in the Mountain" encountered by the Crusaders. But it was not defeat at the hands of Christians that ended more than a century of Assassin rule; it was the massive and brutal invasion of Mongols from the East who conquered Assassin strong points and mountain fortifications one by one, crushing nearly all traces of this once fearsome sect. For nearly two centuries the Fâtimids, Shi'ite Muslims who believed Mohammed's daughter Fâtimah was his successor, attempted to control the Islamic world from their seat in Cairo. Following the death of the Fâtimid caliphate al Mustansir in 1094, members of a faction in Persia that supported a deposed claimant to the caliphate, Nizâr, believed they now represented Fâtimid interests. These Nizârâ® Ismâ®lâ®s ended up separating themselves from mainstream Islam and creating their own state in parts of present-day Syria, Iraq, and Iran. In order to establish and maintain regional control, the Nizârâ® Ismâ®lâ®s used political murders and spies to subjugate or influence rival caliphates and the dominant Saljâqs. Marshall Hodgson's first major book, *The Secret Order of the Assassins* remains the most complete history of the Assassins. Beginning the story with the separation of Sunnis and Shi'ites and the rise of Ismâ®lism, an offshoot of Shi'ism, Hodgson traces the long and complex history of power struggles within Islam that led ultimately to the separation of the Nizârâ® Ismâ®lâ®s and their direct challenge to Muslim leadership. Hodgson goes on to explain the principles of the movement, provides an examination of their sacred texts, and follows the history of the group from the pinnacle of power in the mid-eleventh century to its legacy in the form of small pockets of followers in parts of contemporary Syria and India. Long out of print and appearing for the first time in paperback, this book is an illuminating study in the history of Islam.

Book Information

Paperback: 368 pages

Publisher: University of Pennsylvania Press (March 8, 2005)

Language: English

ISBN-10: 0812219163

ISBN-13: 978-0812219166

Product Dimensions: 6 x 0.8 x 9 inches

Marshall G. Hodgson's *The Secret Order of Assassins: The Struggle of the Early Nizārī Ismā'īlīs Against the Islamic World* investigates the origins of Nizārī Ismā'īlīs and how they became a formidable threat to Sunnī and Shī'a sects of Islam. As most histories centered on the Muslim world tend to do, the account commences at the formation and rise of Islam on the Arabian Peninsula, and the schism that occurred with the murder of Alī, the fourth Caliph, in 661 C.E. From this schism emerged the division of Islam into two sects: Sunnī and Shī'a. This partitioning of Islam led to further fissures in the religion, giving rise to various sub-sects. Hodgson notes that there is no clear picture of the rise of Ismā'īlīsm, but, after 900 C.E., a clear structure and organization became evident. The sect erected a power structure known as the Ismā'īlī Dyansty of Egypt "also known as the Fātā - imid Caliphate. Within this empire, the doctrinal foundations of the sect are further elaborated and solidified; however, another schism occurred over the succession of the imām. The setting aside of Nizārī, in his rightful ascendency to the position of imām, led ʻAbd al-ʻAzīz to set out on his own with his followers to establish their sect: Nizārī Ismā'īlīs. Under ʻAbd al-ʻAzīz, the sect underwent a reformation of the original Ismā'īlī doctrines and practices. Hodgson pieces together the history of the sect's exodus from Fātā - imid Egypt, indicating that ʻAbd al-ʻAzīz initiated a military campaign simultaneously with their alienation away from their former home. The military operations were aimed at both Fātā - imid Egypt and the Saljuq Turks, who occupied Sunnī lands. They seized Alamut in 1090 C.E., an inaccessible, rough terrain location, which provided short routes between the important city of Qazvin and the Caspian Sea.
