Live From Death Row

Synopsis

Once a prominent radio reporter, Mumia Abu-Jamal is now in a Pennsylvania prison awaiting his state-sanctioned execution. In 1982 he was convicted and sentenced to death for the murder of Philadelphia police officer Daniel Faulkner after a trial many have criticized as profoundly biased. *Live From Death Row* is a collection of his prison writings--an impassioned yet unflinching account of the brutalities and humiliations of prison life. It is also a scathing indictment of racism and political bias in the American judicial system that is certain to fuel the controversy surrounding the death penalty and freedom of speech.

Book Information

Paperback: 224 pages

Customer Reviews

A Case for Reasonable Doubt a DVD of the 60 Minutes show about Mumia's case. (A really good film!) I've been getting most of my info from 2 organizations working to Free Mumia: Refuse & Resist! and Partisan Defense Committee. My understanding of what Mumia really wants most is to get out of jail. The organizations say the only way to accomplish this is by drawing International Media attention to the issues of his case. I spoke to a woman this summer from Philadelphia who said; "They will never let Mumia out of jail!" My intention is not to convert anyone, insult ugly ignorance nor incite the worst case scenario. My heart song is merely to connect like minded individuals, shedding some positive light and love, on the serious issues of racism, the death penalty and injustice; and hopefully getting media attention, highlighting the hundreds of millions of people around the world who care about Mumia's Freedom. WHY IS THIS CASE SO IMPORTANT?" The

case of Mumia Abu-Jamal has become a battleground in society because it concentrates so many of the reactionary elements riding high in the US today - the criminalization of black men, the suppression of dissent, the expanded death penalty, the gutting of defendant's rights, and a whole political atmosphere of blame and punishment aimed at the most oppressed. This is a dangerous time for the people, and no time to think that the government will back off from killing Mumia because they are 'too busy' with other problems, their war on the world and the shredding of civil liberties. Mumia is one of their problems.
